

# Warehouse

Nestlé Purina Pet Care - Crete, NE

## Distributing The Goods

In the global economy, it is becoming more critical for today's leading companies to have distribution centers in many geographical areas. Count on our design-build professionals to develop and erect a facility custom tailored to your unique requirements. Utilize our sustainable design process and tilt-up concrete expertise to create operating efficiencies that add dollars to your bottom line, especially in temperature sensitive applications. Our reputation for personal service, accurate estimates, quality construction and on time delivery make building your new warehouse easy. Count on Ayars & Ayars to help you move your inventory efficiently.

## Customer Driven Construction Solutions

- **Design-Build Advantage:**  
A better product for your money & the most cost-effective design possible.
- **Self Performance Advantage:**  
Quality workmanship & ability to better control schedule.
- **Sustainable Design Advantage:**  
Lower operational costs.  
Healthier & more productive workforce.
- **Ayars & Ayars, Inc. Advantage:**  
History of design-build projects.  
Project safety.  
LEED accredited design process.
