48ROCK

Rocking University Place

The newest mixed-use facility in the historic University Place neighborhood, 48ROCK is a two-story building that bridges the gap between historic architecture and modern design. Home to Ayars & Ayars, Inc. and ARCHI + ETC. LLC, the green building practices and principles used to develop and construct this project complements our dedication to promote the importance of holistic, sustainable design. We specialize in understanding our customer's vision and building projects that address customer needs.
