Great Plains Auto Body

Make It All Better

Ayars & Ayars, Inc. was pleased to be selected as design-builder of Great Plains Auto Body's second location. Finished in the company's signature red and white color scheme, the facility features a state-of-the-art paint booth, eight vehicle repair bays, offices and a customer lounge. Our scopes of work on this pre-engineered metal building included: foundations, steel erection, concrete flat work, interior finishes, MEP, paving and landscaping.
