## Linweld - Lincoln

### Safe and Strong

Ayars & Ayars, Inc. is proud to have been selected to complete our first of what proved to be several design-build facilities for Linweld. This retail outlet provides welding equipment, tools and gas for area manufacturing facilities and contractors. Our scopes of work on this project included site development, footings, concrete flat work, poured concrete stem walls, pre-engineered building erection, interior finishes, MEP and landscaping. We are proud of the number of customers for whom we have completed several projects; Linweld is a prime example.
