Linweld Waverly Campus

Constructive Learning

Ayars & Ayars, Inc. was pleased to be selected design-builder for this comprehensive expansion of Linweld's largest Midwest cylinder distribution center. Our scopes of work included: overall site development, erecting a logistical building supporting the air separation plant, erecting an air separation command and control building, erection of a new cylinder filling/warehouse plant that included plant offices, and foundations for the 2 air storage tanks pictured below. We are proud of the number of customers for whom we have completed several projects; Linweld is a prime example.

Project Details

➤ Waverly, Nebraska

➤ Cylinder Distribution: 85,000 sf
Air Separation Building: 9,100 sf
Control Building: 3,100 sf
Air Storage Tank Foundations

➤ Pre-Engineered Metal Building

➤ Project Completion: 2000

➤ The Midwest's leading manufacturer/distributor of medical, specialty and industrial gases.
