Vogel Popcorn

Popcorn and a Movie

An enhanced customer entrance, testing labs and a climate controlled warehouse were the goals of this design-build project. Design/Build often gets projects completed faster and provides opportunities for cost savings. An interesting sidelight: site preparation was accomplished in part, with a controlled burn and exercise coordinated by the local volunteer fire department.

Project Details

- Location:
Hamburg, Iowa
- Size:
10,000 sq. ft.
- Type of Construction:
Pre-Engineered Metal Building
- Project Completion:
1999
- Vogel Popcorn: Possibly the best popcorn in the world.
