

# Beatrice Concrete Company

## *Raising Expectations*

This new 325-cy/hr concrete batching facility features integrated computer applications that control all facets of concrete production from order taking through concrete production and dispatch. Underground material storage reduces waste and allows for design mixes that exceed ACI standards.

## Project Details

- Beatrice, Nebraska
- 4,940 sf
- Pre-Engineered Metal Building
- Project Completion: 2003
- Beatrice Concrete Company, Inc currently operates throughout southeastern Nebraska.
