

Industrial

Excel Corporation Re-Roof, Phase II

Easy Access

An example of Ayars Ayars, Inc's "value engineering" abilities, this pre-engineered metal building solved Excel Corporation's need to retrofit their existing facility with new mechanical systems - without disrupting production. Designing the new building to take advantage of the existing structural framework assured the integrity of this unique project.

Project Details

Location:
Schuyler, Nebraska

Size:
55,800 sq. ft.
