

### Seven Wonders

To meet demand for their product, Dupont's Circleville facility undertook a major facility upgrade. Ayars & Ayars, Inc. was selected to erect 7 pre-engineered metal buildings ranging from 500 to 35,000 sf. We were also responsible for retrofits to the existing structure designed to provide a cohesive appearance to the entire project.

### Project Details

➤ Circleville, Ohio

➤ 65,767 sf

➤ Pre-Engineered Metal Building

➤ Project Completion: 2004
