Indianapolis Colts Practice Facility

High Quality Efficiency

Ayars & Ayars, Inc. believes that after we completed this indoor practice facility, we are partially responsible for the success of the NFL's Indianapolis Colts. This pre-engineered building features a 220' clear span, 50' eaves and a peak height of over 70'. Showcasing the abilities of our steel erection team, building erection was completed in 64 calendar days.

Project Details

➤ Indianapolis, Indiana

➤ 92,400 sf
