

Amberly Crossing

Retail Crossing Ahead

Ayars & Ayars, Inc. was pleased to be design-builder for Waverly's newest retail facility. Construction began on this conventionally constructed building in October of 2007 and the building shell was completed early April 2008. The development's first tenant is already open for business and plans are underway for two of the remaining spaces. Ayars & Ayars, Inc. scopes of work on this project include: site development, foundations, steel erection, carpentry, exterior finishes, masonry, interior finishes, concrete flat work, paving and landscaping.
