Fareway Grocery Store

Hot and Cold

Fareway is an established grocery store chain headquartered in Iowa with locations throughout Iowa and Missouri. Ayars & Ayars, Inc. is proud to have been selected to build Fareway's first store in Nebraska. The Fareway chain has become an early innovator in green technology by utilizing passive heating and air conditioning systems for their stores. Heat generated by the refrigeration systems is used to warm the stores in the winter and cold air from the freezer systems is used to cool the building in the summer. Precast concrete outer walls also contribute to the building's thermal efficiency.

Project Details

- Omaha, Nebraska
- 25,000 sf
- Pre-Cast Concrete Construction
- Project Completion: 2004
- "You're Family. We're Your Fareway".
