Firestone Tire Store

Keep Rollin' Along

An existing structure was demolished to make way for the future of Firestone Automotive Centers in downtown Lincoln. The facility features five service bays with trench drains, office space and showroom finishes. The logistics involved in constructing a new facility on a small building site while maintaining traffic flow in a busy downtown area was a major challenge our project team overcame.

Project Details

- Lincoln, Nebraska
- 6,665 sf
- Masonry Construction
- Project Completion: 1997
- Firestone: A Tradition of Innovation.
