Friendship Church Remodel

New Look, Same Space

At Ayars & Ayars, Inc. we have completed our fair share of church projects. When we were selected to remodel Friendship Church's existing building in Prior Lake, Minnesota we knew that we would be able to create a space that fulfills the spiritual needs of today's parishioners. This remodel includes adding storefront windows to the building, and remodeling the worship center, offices, restrooms, and welcome center to enhance the experience for the congregation.
