## River Heights Vineyard Sanctuary

### Big Impact

Ayars & Ayars, Inc. has partnered once again with River Heights Vineyard Church (RHVC) to add 10,623 sq. ft. of space to their existing facility in Inver Grove Heights, Minnesota. This insulated concrete form (ICF) addition will include a brand new sanctuary, additional classrooms, and a beautiful entrance. . ICF was chosen for this project to help the speed of and efficiency of the building process while also cutting insulation and delivery costs. To incorporate the new addition with the existing look of the church, masonry work will need to be completed on the exterior of the building.
