ULINE Warehouse & Remodel

Line of Sight

Ayars & Ayars, Inc. is pleased to be working with ULINE to remodel and add onto their current facility in Omaha, Nebraska. The first phase in the project will be to demolish the existing entrance to reconfigure the area to account for the new addition. Along with constructing the 27,000 sq. ft. pre-engineered metal addition, Ayars & Ayars, Inc will complete a second phase that includes construction of new office spaces, bathrooms, a kitchenette, and three new conference rooms.
