Nestlé Purina Pet Care Dry Ingredient Storage

Saving Time and Money

Ayars & Ayars, Inc. was pleased to assist Nestlé Purina's manufacturing process with this dry ingredient storage addition. By re-purposing the plant's existing pre-cast panels in the design of the new addition, we were able to accelerate the project schedule and reduce project costs. Our scopes of work included: foundations, pre-cast erection, steel erection, interior finishes and paving.

Project Details

- Location:
Crete, Nebraska
- Size:
5,814 sq. ft.
- Type of Construction:
