Ayars & Ayars, Inc.  
2436 North 48th Street  
Lincoln, NE 68504

Dear Ayars & Ayars,

I would like to take this opportunity to thank Ayars & Ayars, Inc. for the great job you did on our new building addition and the upgrades that you performed on our existing facility. With the addition of the new gymnasium, we will be able to offer our students a wonderful area to improve their physical fitness and our sports teams a great place to compete.

The design-build process allowed our school district to work with the project team on a continual basis to plan for and build our addition on time and on budget. It was a pleasure working with the Project Manager, Brad Sellentin and all of the project team in completing this project. Brad was very knowledgeable and was able to answer any questions we had throughout the process.

Ayars & Ayars, Inc. has gone above and beyond our requests and provided proven leadership and commitment towards their construction projects. Ayars & Ayars, Inc. would be a true asset to anyone for their construction project.

Sincerely,

Amy Malander  
Superintendent

Lincoln, NE 68504

Dear Ayars & Ayars,

I would like to take this opportunity to thank Ayars & Ayars, Inc. for the great job you did on our new building addition and the upgrades that you performed on our existing facility. With the demolition of the outdated School, Ayars & Ayars, Inc. was able to build us a School that fulfilled our specific needs; with a remodel, an addition and a brand new bus barn. This new upgrade to our school has brought joy and pride to our School system and our community.

The design-build process allowed our School district to work with the well-organized project team on a continual basis to plan for and build our facilities on time and on budget. It was a pleasure working with the Project Manager, Brad Sellentin and all of the project team in completing this project. Brad was very knowledgeable and was able to guide and answer any questions we had throughout the process. As site superintendent, Dan Mountney was instrumental in completing the project in timely and professional manner. We would like to congratulate Brad Sellentin and Dan Mountney, for doing a tremendous job on our School.

Ayars & Ayars, Inc. has consistently gone above and beyond our requests and provided proven leadership and commitment towards their construction projects. Ayars & Ayars, Inc. would be a true asset to anyone for their construction project.

Sincerely,

Jim Duval  
Superintendent of Schools,

Central Valley Public Schools,
