Lincoln, NE 68505

Dear Mike,

I would like to take this opportunity to thank Ayars & Ayars, Inc. for the job you did of renovating our existing facilities and constructing our new high school. Our new building is a source of pride for both the school district and the Sterling community. Congratulations to you and your staff for a job well done.

I would personally like to express my gratitude to project manager Brad Sellentin. Brad is a first rate representative for your company. From the beginning of the project, his personality and knowledge of the construction process were an invaluable resource, and he was always available to handle any questions that arose on a timely and personal basis.

I would also like to express my gratitude to site superintendent Randy Cades. Randy's construction experience and his ability to relate to the subcontractors involved ensured that our extremely aggressive schedule would not detour him from delivering a quality project.

In my experience, every promise you made, from working hard for us in the pre-bid stage on through to delivering us a quality project on the date and for the price we agreed to was kept. I would highly recommend Ayars & Ayars for future construction projects.

Sincerely,

Jim Duval
Superintendent, Sterling Public Schools
