

## Recreational

The Ice Box - Lincoln, NE

### Work Hard to Play Harder

Building recreational facilities creates special places for fitness and entertainment. Often these very public projects are a focus of civic pride. When anticipations are high, you need a reliable construction partner to ensure your building meets expectations. Our design-build team envisions your dreams and balances costs with your resources. We incorporate sustainable design principles to maximize operational efficiencies and enhance the environment. Ayars & Ayars experienced workforce is your guarantee of a facility that is well built & functional. Our reputation of completing projects on time and within budget assures that on opening day we won't let construction get in the way of the fun.

## Customer Driven Construction Solutions

- **Responsible:**  
One company for the entire project - no divided loyalties.
- **Effective:**  
By controlling schedule & workforce, we control project schedule for your advantage.
- **Green:**  
Our LEED accredited team emphasizes the benefit of sustainable design.
- **Driven:**  
To provide our customers with the building that best suits their needs.
- "...refreshing to work with a firm that offered solutions to problems." - Jim Pflug, Lincoln Stars
