Valley View Village - Building 3

The Charm

Based on the success of the initial phase of this project, Ayars & Ayars, Inc. was pleased to be selected design-builder of Valley View Village's third building. Situated on the periphery of a major retail complex, this development blends contemporary design, superior craftsmanship and excellent amenities into an ideal location for smaller retail and professional offices. Our scopes of work included; site development, building erection, concrete flatwork, masonry, exterior finishes and landscaping.
