

Industrial

Magellan Midstream Partners, L.P. BridgeTex Pipeline Project

Tanked

Highlighting the abilities of our concrete crew, this multi-phased project placed foundations, cast-in-place walls and slabs-on-grade for 2 - 120' diameter crude oil storage tanks and their associated infrastructure. With Ayars & Ayars, Inc. assistance, the new BridgeTex pipeline will streamline crude oil delivery.

Project Details

- Hermleigh, Texas
- Two - 120' Diameter Crude Oil Tanks
