## Christ Community Church - The Porch

### Unifying Community

Ayars & Ayars, Inc. and Christ Community Church have teamed up once again to renovate a building on The Church's campus, referred to as 'The Porch'. The Church has worked with our Special Projects Group in the past and trusted we could deliver with our on time and on budget, high standard of quality once again. One section of this project included a demolition and rebuild of the west wing to better suit the needs of the owner. The other portion of the project included bringing the current east wing of the structure up to code to comply with the addition of ADA concrete ramps.
