

# Independence Landing

## Fishing for Work

Increasing recreational opportunities, adding accessibility and protecting the environment are the goals of the Independence Landing project. Our scopes of work on this design-build project include: pond and shoreline restoration, pier construction, landscaping, trail development and signage.

## Project Details

- Location: Seward, Nebraska
- Size: 75,500 sq. ft.
- Type of Construction: Parkscape Renovation and Pond Improvement
- Project Completion: 2014
- Project partners include: Seward County Economic Development, Seward County Bridges and the Nebraska Environmental Trust.
