Monsanto Warehouse - 2013

Corn Palace

“Throughout the course of building this facility, Ayars & Ayars, Inc. continuously demonstrated a high-level of commitment towards maintaining excellent worker safety and top-caliber workmanship. Furthermore, Ayars was successful at maintaining the fast-track schedule associated with much of the work at this facility. Monsanto is most pleased that Ayars completed the 2013 expansion to this facility with zero recordable work injuries and no lost time accidents”.

Jason Wagner - Project Manager
Monsanto Global Engineering

Project Details
