Sunbelt Rentals Renovation

Showing off

Ayars & Ayars, Inc. was excited to be selected to provide construction services for Sunbelt Rentals existing facility in Omaha, Nebraska. The project started with selective demolition. Then, we remodeled their office space to include a small tools showroom, a break room, two offices and a conference room. Our crews also added a wash bay in their existing warehouse space and poured a new equipment laydown yard and a staff parking lot to complete the project.
