

Industrial

## Monolith Materials, Inc.

### Industrial Strength

When Monolith Materials needed a few new facilities for their plant in Hallam, Nebraska, Ayars & Ayars, Inc. was called to the job. We constructed five new Butler Pre-Engineered Metal buildings / structures to serve as warehouse space, open storage, office space, maintenance area, & a small well house. All five structures reached a total of 26,653 sq. ft. Our scope of work for the project included site work, concrete, metals and carpentry.

### Project Details

- Location:  
Hallam, Nebraska
- Size:  
26,653 sq. ft.
- Type of Construction:  
Pre-Engineered Metal Building
