

Tenant Finish

Planet Fitness South Addition

Break the Fourth Wall

When Planet Fitness decided they needed more room at their existing facility in South Lincoln, they contacted Ayars & Ayars, Inc. for the job. We completed the original tenant finish of the facility in 2016 and they knew we would be ready for their next project. The tenant finish was completed in the space east of the existing Planet Fitness facility. The existing wall between the two areas was demolished to create one large area for the gym. Our scope of work for the project includes demolition, concrete, carpentry and metals.

Project Details
