Hughes Brothers LED Lights

See the Light of Day

As part of our continued relationship with Hughes Brother, the company selected Ayars & Ayars, Inc. to replace their overhead lights with more energy and cost efficient LED light fixtures in their North Warehouse. Ayars & Ayars, Inc. built the original building along with many other buildings on the Hughes Brother's Seward, NE campus. All of the original 32 light fixtures are replaced, 13 including emergency battery packs. The new lights will cut down on energy cost as well as increase the amount of lighting in the space.

Project Details

Location:
Seward, Nebraska
