Winsupply Buildout

Paving the Way

Ayars & Ayars, Inc. was excited to partner with Winsupply in New Hope, MN to complete an office buildout and exterior paving. As part of the paving process, our team installed two asphalt ramps on the back truck loading area up to the new overhead doors. Inside the office's kitchenette, we installed a plastic laminate base cabinet and a countertop. Our crews furnished and installed drywall to replace pre-existing tile in the restrooms, and installed vinyl base throughout the office. Our scope of work for the project included sitework, concrete, masonry, metals and finishes.
