Carroll Distributing & Construction Supply

Rebuilding

After a devastating fire took most of their building, Carroll Distributing & Construction Supply is getting a new fresh start. Ayars & Ayars, Inc. will be replacing building frames, purlins and girts in a portion of the building along with a new roof and wall panels on the building. There will also be some interior remodel on their office and retail space. Once the building is complete, this will allow them to continue to supply their customers with their products.
