Cody-Kilgore Unified Schools

Building Brighter Futures

The Cody-Kilgore school board has dedicated several years to identifying a solution to address the pressing facility needs at their schools. These efforts have focused on resolving critical fire, safety, and handicap accessibility concerns, as well as modernizing outdated electrical, plumbing, and sewer infrastructure. This project aims to enhance the learning environment by including new PK-7 classrooms, updated bathrooms, expanded storage, and improved custodial storage facilities.

Project Details
